LIMONEIRA COMPANY

WILEMAN BROS. & ELLIOTT

CARA CARA ORANGES

Cara Cara oranges are a type of navel orange that are comparatively low in acid. They are bright orange, similar to other navels. Their pulp is distinctively pinkish. Caras are sweet and juicy. They are packed with more vitamin C and vitamin A than a regular navel. Perfect for snacking!

AVAILABILITY: December - May (Peak: February - March)

SUSTAINABLE FARMING FOR OVER 125 YEARS

Limoneira relies on the health of our planet and the well-being of our people for its continued success. Given our interconnectedness and dependency on the land, sustainability has always been integrated into our business strategy. Sustainability involves several complex interactions and relationships, including, but not limited to, our planet, our communities, our employees and our business practices.

We are committed to the following guiding principles:

- Complying with all applicable environmental regulations
- Training of staff on our environmental programs
- Preventing pollution
- Conserving natural resources
- Minimizing waste
- Handling and disposing of waste in safe and environmentally sustainable methods
- Minimizing the generation of greenhouse gases, and other substances that could cause harm to the environment
